## 4 REASONS TO ATTEND Infit-i ENGAGE

### 1. Questions & Answers with a School Attorney

The opening keynote presentation is delivered by an attorney at the Underwood Firm and features a questions and answers period for you to get answers to your most pressing questions on your district's policies, training processes, and more.

### 2. Custom Safety Training Video

Learn how easy and affordable it is to create custom training videos of your own by getting behind the camera and creating a safety training video for your district.

### 3. Test Drive the Infit-i Workforce System

Our experts will help you uncover the tools and strategies that will drive your district forward using the Infit-i Workforce System for online training.

### Professional Development Credits

You came, you learned, and now you need credit. Attendees receive a course completion certificate. Certified HR Directors receive 8 PDCs towards SHRM recertification.

## **ENGAGE** is for you if...

**You're the Superintendent** of a school district and would like to learn how to protect your district from legal & compliance pitfalls.

**You're a Risk Manager** at a school district and are ready to find an easier way to ensure required training compliance across multiple campuses, while maximizing your time.

**You're an HR Director** at a school district and are looking for a faster and more effective way to onboard new hires district wide.

**You're a Transportation Director** at a school district and have wondered how you can improve safety with a fleet of drivers you only see in passing most days of the year.

"Thank you for the great training program. Programs such as this have been long overdue and your continued advancement of new and innovative additions to the program are exciting and fresh. It is an effective and valuable addition to our transportation staff training program. Having the ability to schedule training modules for an entire group, or to schedule a specific training module to individuals to improve their knowledge and understanding, is an invaluable tool. It is enhanced by the included feature of maintaining permanent records of all of the trainings completed in the SafePUPIL program. Our staff appreciates the quality of the training modules as well as the ability to study independently in the comfort of individual personal settings."
